Subject: FW: Uintah & Ouray Federal Partners Clean Air Act 101 - Ozone

Shaun, Joan and Deb would like to have this presentation made to them – is it okay with you two if I work directly with your folks to arrange?

Yesterday afternoon, R8's Air program team of Jody Ostendorf, Richard Payton, Gail Tonnesen and Chris Dresser delivered a webinar to BLM's Utah folks including Jenna Whitlock, Kent Hoffman, Rick Rymerson and Leonard Herr and BIA's Antonio Pingree on an introduction to the Clean Air Act and particularly OZONE.

The team described monitor data, designation & classification process, airshed boundary, ozone modeling, emission research and background ozone.

This was created in response to a request from Jenna Whitlock at the last U&O Fed Partners meeting and you'll see from her note below, much appreciated.

Way to go Team!
